

Product Specification

Advanced NC IP66 150Lm/W LED Batten Flicker Free MW Option

Prime Applications

- Fluorescent outdoor lights Replacement for workshops, warehouses, factories
- Replaces 3f/4f/5f 58-85w Fluorescent single or Twin batten
- Flicker free
- 100% Maintenance Free
- Mounting Height 2.5 - 4m
- Power Factor >0.95
- Microwave sensor Built-in option, save up 50% more energy
- Up to 5 Year Warranty

Specification

Efficiency	144-160 Lumen/Watt
Power	18w/36w/45w
Construction	Phillips LEDs, IP66 Impact Res.IK10, UV stabilised Polycarbonate Lens
Build Standard	50,000 hours, L80B50
Beam Angle	120 Degrees
Colour	Soft White 4000K
Dimensions	2F(18w)/4F(36w)/5F(45W)* W96 * H111 mm
Fitting	Suspended/Surface
CRI	>80
Certification	CE RoHS EAC, EEC ++A
